

# The 2020 Census is happening now!

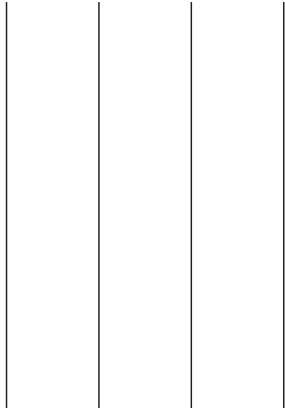

Your response supports our schools for the next decade, and it only takes 10 minutes to complete.

An accurate census count determines federal funding for:

- Teacher Support
- School Breakfast & Lunch
- Head Start
- School Technologies
- CHIP/Medicare
- WIC

► Complete your census today to shape the future of New Mexico's students for the next 10 years!

[2020Census.gov](https://2020Census.gov) | (844) 330-2020

## Here's what you can do right now:

- ▶ Complete your census form online, by phone or by mail. Go to [2020Census.gov](https://2020Census.gov) or call (844) 330-2020
- ▶ Count everyone who lives in your household — this includes babies, relatives, roommates, and anyone else who lived there on or before April 1.
- ▶ Become an ambassador for our schools and encourage friends, family, neighbors, and colleagues to fill out their census, too!

## Here's what you can do when school starts:

- ▶ Teach a lesson about the importance of the census. Find lesson plans at: [census.gov/programs-surveys/sis.html](https://census.gov/programs-surveys/sis.html)
- ▶ Send a flier home with students to share with their parents as a reminder to take the census. Fliers are available at: [icountnm.gov/resources](https://icountnm.gov/resources)
- ▶ Encourage other teachers and school leaders to get involved! We need every child to be counted in order for our schools to be fully supported.
